MT. STERLING, KENTUCKY, TUESDAY, MARCH 11, 1919.

NUMBER 37

G. L. KIRKPATRICK SINKS TO REST

Was One of Montgomery County's
Most Prominent and Influential Citizens.

Mr. George Lewis Kirkpatrick, aged about 62 years, died at his home in this city at an early hour Saturday morning after a lingering illness of paralysis. Mr. Kirkpatrick for many years had been a prominent tobacco grower and buyer and had been a representative of the Liggett & Myers Co., for a long number of years and was considered one of the best judges in Kentucky. He served one term as County Clerk of this county and had long been a prominent Republican. He was a leading Mason and member of the local lodge of Elks. Mr. Kirkpatrick moved to this city from Ripley, Ohio, over a quarter of a century ago and at the time of his death was one of the most popular and best beloved citizens that ever resided in Montgomery county. A man of strict honesty and one that was ever ready to assist his less fortunate fellowman, he will be greatly missed and his death will long be mourned. He was a gentleman at all times and in all places, and always had a smile and kindly word for all with whom he came in contact. He was a broad minded liberal man and had distributed much of his means among the needy of this community. In his death we lose a noble and upright gentleman, one that we can ill afford to spare and to his two children, Mr. C. W. Kirkpatrick and Mrs. Charles W. Lindsay, we join the entire community in extending deepest sympathy. The funeral services were conducted at his late residence Sunday afternoon at 2:30 o'clock with burial in Maehpela cemetery.

We can give no better estimate of his character and worth than in the words of the officiating minister, Rev. M. V. P. Yeaman, who, by request, was able to supply them:

"One of the most useful and respected citizens of this community, a true and loyal friend, an affectionate and indulgent father, and a devoted and consistent communicant of the Presbyterian Church is dead. How soon at best, do communities, families, and congregations change! We are born into the world; there is a brief span of infancy and childhood; youth-time comes and goes almost before we know it; a few—very few—years of manhood; infirmity or old age draws on apace; there is an illness, and a funeral is announced.

We are all hurrying—literally

"If God hath made this world so fair,
Where sin and death abound;
How beautiful beyond compare,
Will Paradise be found!"

hurrying—on toward the end that alike awaits us all. There is nothing permanent but Truth and God. Verily "we spend our years as a tale that is told." The real life—the life that lasts—is the life beyond the grave. The present is but a time of testing and of preparation. To die is really to begin to live. Death does not change the man. In the place where the tree falleth, there it shall be! Memory lives on and on—the spirit but leaving its shell to be with God who gave it, where it shall ultimately be re-united with the body. "Oh, death, where is thy sting? O, grave, where is thy victory? Thanks be unto God who giveth us the victory through our Lord Jesus Christ." Only the man who knows Christ as his Saviour is ready to die. Others have no hope and are without God in the world."

The one around whose silent form we are gathered here today, and to whose memory we pay our tribute of respect and affection, had a saving knowledge of Christ as a personal Redeemer. When for him the end of his years drew nigh, there was no need for hurried preparation; no disturbing and distracting anxiety for the future; for long ago he became of that number who "being justified by faith, have peace with God through our Lord Jesus Christ."

Respected citizen and friend; devoted father; wise counselor; and man of blameless life, we shall miss you here, but we shall meet you, and know you, on the other side. "We will not say 'Good-night,' but in some brighter clime bid thee 'Good-morning.'"

"If God hath made this world so fair,
Where sin and death abound;
How beautiful beyond compare,
Will Paradise be found!"

NEW EXPRESS AGENT.

Mr. Riggs Sullivan has resigned his position as Express Agent in this city and has been succeeded by a young gentleman from Indiana, who has been connected with the company for a number of years prior to his enlistment in the army. Mr. Sullivan had made a splendid agent and has many friends who will regret his resigning. Mr. Harry Hunt who had been assistant to Mr. Sullivan, will remain in the employ of the company, as will also Miss Mary Stamper.

WANT AD FEATURE A GREAT SUCCESS

Creates Many New Readers of the Classified Ads and is Proving Most Popular

The Mt. Sterling Advocate congratulates itself upon the success of the want ad feature. Not only is it proving a source of entertainment but it is creating many new readers of the want ads. Some people have an idea that want ads are merely for getting clerks or jobs, but since they have been looking among the want ads for the theatre tickets, their eyes have been opened to the value of The Advocate's classified ads. It

is the most economical way to buy or sell anything. The cost is but a few cents and the Advocate want ads certainly do produce results. A person who has something to sell, or who wants to buy, trade, invest, rent, get an employee, or get a position can do so merely for the expenditure of a few cents. There is no loss of time in getting what you want when you want it. Try an Advocate want ad today.

MRS. MOLLIE LAWRENCE DIES.

Wife of T. H. Lawrence died at her late home, Wednesday, March 5th. She had been in failing health for some time and death had been expected.

She was a native of Clark county but had lived in this county for a number of years. She was a member of the Mt. Zion Methodist church in Clark county, and was a beloved woman, dear devoted mother and a faithful wife and respected by all who knew her and will be sadly missed by her many friends.

She is survived by her husband, six sons and four daughters—Mrs. Albert Haggard, of Hamilton, Ohio; Mrs. Leonard Johnson, of Indiana; Mrs. Maude Conner, of Winchester, Ky.; Miss Laura B. Lawrence who lived with her mother; Will Lawrence, of Breakville, Ind.; Thomas, Clarence, James, Charles and Phenies Lawrence, of this county. Four brothers also survive. The remains were laid to rest in the Winchester cemetery.

GIVES \$10,000 FOR MEMORIAL.

At the memorial mass meeting held at the Paris Opera House Sunday afternoon to honor the memory of the Bourbon county boys who gave their lives in the fight for freedom, and to raise funds for the erection of a memorial monument to perpetuate the memory of their heroism and sacrifice, practically \$10,000 was contributed.

\$52,000 FOR AN OHIO FARM

M. H. and C. M. Lewis, of this county, have purchased a farm of about 264 acres near Hamilton, O., and will get possession next week. The price paid was around \$52,000. C. M. Lewis will move to the property.

A woman can befriend her husband and make him stand for it. But she can't befriend him and make him like it.

THE HUM OF INDUSTRY

You can sing no song of prosperity save to the accompaniment of the hum of industry. When industry lags prosperity takes wings.

Factory smoke may mar the brightness of the skies but it works wonders with the brightness in the home.

And it's brightness we are needing in the homes of America today.

We've had enough of gloom the last 18 months to last for a long time.

Bringing the boys back will help tremendously. But if the boys come back to a poverty of jobs it will be another story.

Some of them have come to just that thing. If you're doubtful scan the "Situation Wanted" column of the daily paper.

To make it worse America has acquired the habit of good times during the last four years. The world war caused the nations of Europe simply to bombard us with orders of all sorts that enforced prosperity.

Everything went ballooning, wages along with the rest. The average man made more money and more easily than he ever had in his life. Not infrequently habits of extravagance developed.

But the fact is that Americans generally expect these conditions to continue. There is no reason why they should not, why the bottom should fall out of things at all. We have a far better opportunity than our foreign neighbors.

Yet we will have to do our part to make the most of these opportunities.

Uncle Sam owes a tremendous amount of money to American industries. Something like \$2,000,000 it has been stated. And he wants to pay it. The industries need it to branch out along independent lines.

And the Victory-Liberty Loan will pay these debts. Will help keep things going at high speed. Stave off industrial stagnation.

That's exactly what all of us want to see done. We want things to boom.

How much our bond purchases will indicate.

So help make industry hum.

LAND SOLD.

Cravens & Tarpin, real estate agents, today sold to W. F. Henry 33 acres of unimproved land lying at the end of Winn Street just outside the city limits, belonging to J. P. Sullivan, for \$10,000.00.

Everybody is doing the "Tickle-toe"—See if Katy Did."

BUYS NICE RESIDENCE.

Mrs. O. S. Bigstuff has bought of Prof. M. J. Goodwin his two-story brick residence located on North Sycamore street, and now occupied by Prof. W. O. Hopper, for a reported price of \$6,100.

Live and love life today—it is tomorrow that makes the memory.

MKT TO CLOSE SOON

Thursday, March 20th, Set as the Closing Date for all Three Local Tobacco Warehouses.

The local tobacco market will come to a close in this city on next Thursday, March 20th, and it is thought by this time that practically all of the weed in this section will have been marketed. The present season the local houses have enjoyed a splendid business, and although no records were broken as to the amount sold, the prices realized were very satisfactory to the growers. During the past week the three houses have all held sales and the prices, while not as high as former weeks, have kept up as well as any market in the state. The prices obtained over the local floors during the entire season have compared favorably with any market in Kentucky. Up until Saturday the local market had sold 8,077,428 pounds which brought a total of \$2,826,009.75, a straight average of \$34.92. The individual sales of the three local warehouses up to Saturday are as follows: Farmers, 4,013,475 lbs. average \$36.51; Robertson, 1,107,530 lbs., average \$31.01; Whitehead, 2,956,475 lbs., average, \$34.03.

BIG OIL DEAL

The Flesher Petroleum Co., which has a large number of stockholders in this section, has purchased five tracts of land containing 800 acres in the Osage section of Oklahoma, for \$224,600. This company was organized only about two months ago and the price of the stock has risen from \$1.00 par to as high as \$1.75.

Horse and Mule Sale.

On Monday, March 17, at French's Stock Yards, Mt. Sterling, Ky., Joe F. Patterson, Washington C. H., Ohio will have a load of Ohio mares, suitable for all purposes. Young farm mares, nice gentle drivers and some young uncles. Come to see them Friday.

NEW CREAMERY STATION.

C. B. Stephens & Son have opened a creamery buying station at their grocery store on East Main street and will represent the J. W. Jean Co., of Worthington, Ind., and will at all times be in a position to pay the highest market price. They invite their friends to give them a trial.

T. H. Brunner, better known as "Tige," has resigned his position as express messenger on the Coal Road and has accepted a position with his father in his shoe hospital.

Sale of Flowers, Etc.
The Woman's History Club will have a sale of cut flowers, hardy plants and bulbs the day before Memorial Day. Where sale will be held and further particulars will be announced later.

The Advocate for printing.

SOON BACK FROM WAR.
Mrs. D. H. Bush received a letter a few days ago from Dr. D. H. Bush who has been in France for several months, that he was at a port of embarkation and would shortly sail for the good old U. S. A. and hoped to be at home by April 1st. The many friends of the genial doctor will be pleased to know that he will soon be home again.

Who Benefits By High Prices?

You feel that retail meat prices are too high.

Your retailer says he has to pay higher prices to the packers.

Swift & Company prove that out of every dollar the retailer pays to the packers for meat, 2 cents is for packers' profit, 13 cents is for operating expenses, and 85 cents goes to the stock raiser; and that the prices of live stock and meat move up and down together.

The live-stock raiser points to rising costs of raising live stock.

Labor reminds us that higher wages must go hand in hand with the new cost of living.

No one, apparently, is responsible. No one, apparently, is benefited by higher prices and higher income.

We are all living on a high-priced scale. One trouble is, that the number of dollars has multiplied faster than the quantity of goods, so that each dollar buys less than formerly.

Tractor Time

Plowing time is tractor time and when you say "tractor" if you KNOW tractors then it will be a FORDSON FARM TRACTOR.

With the coming of Spring and the pressure of the many details of farming on a large scale the most dependable, money-saving, time saving, labor saving piece of machinery you can have on the farm is the FORDSON. Eulogies of the many advantages, economies and services of this tractor are not needed, the Fordson is known the world over, but Mr. Farmer, we will be glad to SHOW you what it can do and being SHOWN beats being TOLD.

Let us demonstrate its advantages.

MRS. THOMAS DICK

Mrs. Carrie Thomas, widow of Mr. Robert J. Thomas, who died about five years ago, died at her home on Harrison Avenue Sunday morning. Mrs. Dick, after an illness of several months. Mrs. Thomas fell about five months ago and suffered a slight fracture of her arm and since that time had never been able to use it. Her death was largely due to the accident, together with infirmities incident to age, she being seventy-seven years old. The body was taken to Clark County Monday morning and interred in the old family burying ground near Winton's church. Mrs. Thomas was a native of Clark County and resided there until the family removed to Mt. Sterling a few years ago. Her husband was a widely known farmer while for many years she had been actively connected with the Baptist church of which she was an active member. She was the last surviving member of the Big Five Old Baptist church, and was a woman of fine ideals and high character and was loved and respected by all who knew her. Mrs. Thomas is survived by nine children, seven sons—Thomas J. Thomas, Clarence L. Thomas, Rubin Thomas, Gilbert Thomas, John Thomas, W. M. Sterling, and Sam Thomas, of Hamilton, Ohio, and Joseph Thomas, of Clark County, and two daughters, Mrs. Lou Shepard, of Clark County, and Mrs. Maggie Thomas, who died with her mother. A sister, Mrs. Elizabeth Kaup, of Winton's, and a brother, Isaac Kaup, of Indiana, Indiana, also survive. Many warm friends throughout the section have paid tribute to her death.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting, aching, headache, chills and chattering, primary fever? Mr. Sterling people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Nannie Trimble, 16, Jamison street, Mt. Sterling, says: "I was hardly able to stand on my feet to do my homework. I suffered from an almost constant pain in my left side and a dull, heavy bearing down feeling through my hips and across my kidneys. The way my kidneys were acting caused me a lot of distress. My kidneys and bladders swelled and I was nervous, tired and sick all the time until I used Doan's Kidney Pills. This medicine greatly benefited me and I soon felt like a different person." (Statement given February 24, 1906.) On January 6, 1917, Nannie Trimble said: "I am always glad to praise Doan's Kidney Pills. They have helped me wonderfully and when I have had any type of kidney trouble they have never failed to give me relief."

SOLDIER LETTER

Colombia, Germany, Feb. 24, '79
Dear Father and Mother:

As I have the time to spend at present will try and write you a few lines. Well, now is Uncle Lee's fault and made Joe! Well, I have an awful cold. Remember this is the first winter I have gone through for some time in a cold climate. I have been here for six months almost, and I have seen more than lots of them that have been here over a year, so you see we have had some awful work to do and many a fellow I have seen knocked off on both sides, and shells and bombs falling and bursting all around. I have said, "I will never get by this time without getting hit," but thank the Lord I am O. K. and able to write to you all. I have seen truck and wagons blown up and boys with them. Saw one train of the Germans that was blown up and burnt up, it was an ammunition train. Well if you beat the old U. S. A. boys you have to get up earlier than getting up in the morning. What do you think about it? I can't tell you just when we will get to start back home but I hope it is pretty soon. You see I am not home sick but I want to come home. I haven't much news to write but will try and do better next time. Remember when you all wrote me and asked if I was up at the front. Well I was not allowed to tell anything at all, where I was or what I was doing at that time. I was hauling gasoline to the front and we hauled 750 gallons a load. Will tell you all the details and explain to you when I come home. Give to all my love and best regards. Oceans of love and kisses to all.

Your Son,
CLAUDE MONROE.

MRS. NANCY J. SEE DEAD.

Mrs. Nancy J. See, aged 86 years, one of the oldest and highest respected women of the county, died at the home of her son, Mr. John B. See, last Sunday of infirmities incident to age. The body was interred in the old family burying ground near Plum Lick. Mrs. See was born and raised and spent all of her long life in this county. She was a conscientious Christian woman, devoted to her family and friends and loved by all who knew her. Her death occasions deepest grief to a wide circle of friends. Besides Mr. See she is survived by several other children, all of whom live in the Aaron's Run section of the county.

ARE YOU INTERESTED IN THE WELFARE OF YOUR PUBLIC UTILITIES?

Resolutions Adopted By Bangor, Maine, Chamber of Commerce.

"Whereas, The Bangor Chamber of Commerce feels that the country is facing a grave situation in regard to public utilities,

And Whereas they feel that all citizens are vitally interested in the well-being of the public utilities,

And Whereas they feel that on their organization and on similar organizations throughout this entire country rests a grave responsibility in this regard.

NOW, THEREFORE, be it Resolved:

That the Bangor Chamber of Commerce realizing that their duty is to study the question both in the State of Maine and elsewhere, desires to make known to their members and to the citizens of this community the result of their study.

That as a result of that study the Bangor Chamber of Commerce finds that a substantial part of the funds of the savings banks is invested in bonds of public utilities; that the depositors of Mutual Savings Banks are in reality part owners of every such investment. That the same is true of the Life Insurance Companies both as to investments and ownership. That the present and future well-being of every community is directly dependent upon the successful running and further development of the Public Utilities operating in their locality. That every such community should be anxious to see that the conditions under which such Public Utilities are operating are such as to allow the Companies sufficient revenue to properly protect the public from ac-

cidents, to keep their lines in good condition, to render efficient service to the public, to make further needed developments, and to safely guard the property ownership of the investing public.

The Bangor Chamber of Commerce feels that a much graver responsibility rests with the Public Service Commissions; that their sworn duty is to see that the Public Utilities are properly and efficiently run; that they are responsible for the credit, continuity and general well-being of the Public Utilities. That every Public Service Commission should be upheld and backed where they have recognized such responsibility. That where Commissions have not so recognized this duty the public should insist that they do.

The Bangor Chamber of Commerce urges every Board of Trade in the State of Maine to start at once a study of this question to urge the National Chamber of Commerce at Washington to give space in "The Nation's Business" to this question, to ask the National Chamber of Commerce to urge every member of the National Association to study this question and to make known through publicity in the same channels the result of this study.

The Bangor Chamber of Commerce also urges the Bangor Rotary Club to take this up with their National Association in the same manner. The Bangor Chamber of Commerce feels that an intelligent study of this question by the business men of the country, with a campaign of publicity as to the results of this study will aid greatly in solving rightly this very grave problem.

PRESIDENT WILSON RETURNS TO FRANCE.

President Wilson sailed last Wednesday, aboard the George Washington on his return trip to France where he will remain until the final peace treaty is arranged. In his final speech before sailing, delivered in New York, he announced that he would carry to Paris the assurance that the American people were heartily in sympathy with League of Nations plan in spite of the opposition in Congress.

Card of Thanks.

On last Friday night about nine o'clock the pastor and wife of the colored Baptist church were sitting in their quiet chamber when they heard several voices at their door singing, "Somebody Cares For Me," and on opening the door they were pleasantly surprised to find thirty-one members and friends storming them with flour, meal, meat, potatoes, sugar, coffee, salt, soda, soap, canned goods, dried fruit and other nice things. The pastor has been with this church 19 years and they are proving during this time of high cost of living that they appreciate his services. We feel very grateful to them. Bro. James Stewart was the leader of this great storm.—J. C. Cross and wife.

INCOME TAX DUE

Work on the collection of \$6,000,000 has been begun by the Bureau of Internal Revenue. This is the estimated yield of the new revenue bill. The income tax provisions of the act reach the pocket-book of every single person in the United States whose net income for 1918 was \$1,000, or more, and of every married person whose net income was \$2,000 or more. Persons whose net income equalled or exceeded these amounts, according to their marital status, must file a return of income with the collector of internal revenue for the district in which they live on or before March 15.

Here is what will happen if they don't: for failure to file a return on time, a fine of not more than \$1,000 and an additional assessment of 25 per cent of the amount of tax due.

For "willfully refusing" to make a return on time, a fine not exceeding \$10,000, or not exceeding one year's imprisonment, or both.

For making a false or fraudulent return, a fine of not more than \$10,000, or imprisonment for not more than one year, or both, together with an additional assessment of 50 per cent of the amount of tax evaded.

For failure to pay the tax on time, a fine of not more than \$1,000 and an additional assessment of 5 per cent of the amount of tax unpaid, plus 1 percent interest for each full month during which it remains unpaid.

In addition to the \$1,000 and \$2,000 personal exemptions, taxpayers are allowed an exemption of \$200 for each person dependent upon them for chief support if such person is under 18 years of age, and incapable of self-support. Under the 1917 act, this exemption was allowed only for each dependent "child." The head of a family—one who supports one or more persons closely connected with him by blood relationship, relationship by marriage, or by adoption—is entitled to all exemptions allowed a married person.

The normal rate of tax under the new act is 6 per cent of the first \$4,000 of net income above exemptions, and 12 per cent of the net income in excess of \$4,000. Income in excess of \$5,000 are subject also to a surtax ranging from 1 per cent of the amount of the net income between \$5,000 and \$6,000 to 65 per cent of the net income above \$1,000,000.

Payments of the tax may be made in full at the time of filing return or in four installments, on or before March 15, on or before June 15, on or before September 15, and on or before December 15.

Revenue officers will visit every county in the United States to aid taxpayers in making out their returns. The date of their arrival and the location of their offices may be ascertained by inquiring at offices of collectors of internal revenue, at postoffices, and banks. Failure to see these officers, however, does not relieve the taxpayer of his obligation to file his return and pay his tax within the time specified by law. In this case taxpayers must seek the Government, not the Government the taxpayer.

"BLACK DEVIL" BRINGS BACK HUN TROPHIES.

Phil Cunningham, of this county, who was with the "Black Devils," the negro regiment that helped in no small degree to whip the Germans, has arrived home. He brought with him many trophies and stated that he "jes' neberly took them away from them Huns." Citizens, irrespective of color, are giving him a warm reception.

PROMINENT COUPLE WED.

Mr. Thomas Stone Robertson, of Bethel, Bath county, and a brother of Mr. A. R. Robertson, of this city, was united in marriage on last Wednesday to Miss Katherine Cochran, of Lexington. The bride is said to be a most charming and talented woman and for a number of years director of the Lexington College of Music. The groom is a wealthy land owner of Bath county and has many friends in this county who are extending hearty congratulations.

A TRIUMPH OF TRUTH

Not the least by any means of the triumphs of America's participation in the world war was the triumph of truth. The triumph of open handed American policies pitted against the scheming and spying and subterfuge of Prussianism.

Germany, for years, had maintained a system of insidious propaganda, not only throughout all Europe but in America. She had sought to poison the minds of all the peoples of earth, nation by nation, the one against the other.

Money had flowed like water through her subterranean channels of mis-information. Cost was counted least. Results were always held paramount, whether attained by fair means or foul. Deceit, deception, lies, misrepresentation, were her stock in trade.

And in the end they failed her to the last one.

Forty years of planning, careful secretive, thorough to the last letter of efficiency, preceded her throwing down of the gauge of battle. Nothing had been overlooked but made for her quick and decisive victory.

Save for sturdy little Belgium at the outset, and the predominant strength of Uncle Sam at the last moment, another story might have been told.

Today Germany stands branded before the world as the epitome of all that was possible in the way of treachery. All that was conceivable in the way of atrocity. All that was hateful and vile in the way of outrage and pillage. All that an honorable, self respecting nation could not possibly be.

And Uncle Sam is recognized by

the world at large as the apostle of justice and right, the champion of freedom and liberty; the incarnation of truth always open and above board, the defender of the ideals of humanity, the savior of democracy.

His voice in the world's counsels commands universal respect.

We simply dare not fall short of

is world position.

We must hold

up his hands to the last gasp.

We must support him to the last dollar.

we must vindicate his world's es-

teem.

We must make this last Victory

Liberty Loan a tremendous success.

Failure to do so means

THAT OLD CAR CAN BE REPAINTED

Old top frame recovered, upholstering redressed, and a few other little things and it will look almost like a new car. This will not cost you much as compared with a new one. If the works inside are good, what's the use of giving up the old boat?

We make tops with modern backs, swing sides, plate glass windows in backs. We replace celluloid in side curtains.

We paint and repair buggies. Rubber tires at a price that is right—quality considered.

ADD HUGE SUM TO TAX VALUE.

Just as was expected, the State Tax Commission, stuck to its announced intention and raised farm lands in Montgomery county \$1,500,000.00 and town lots \$200,000.00. Not until it was shown that property in Mt. Sterling was listed much higher than Winchester, did the Commission reduce a penny, its announced figure of \$475,000.00 on town lots and then only removed \$175,000.00, leaving town lots in Mt. Sterling listed at an average of over \$1,700.00 and those of Winchester at about \$1,000.00, although Winchester is twice as large as Mt. Sterling, has three railroads, and is enjoying an unprecedented era of prosperity; yet the State Tax Commission says this is fair and just. Is there an honest man in Kentucky who will agree with it? If there is, Mrs. Cora Wilson Stewart ought to look him up, as she might otherwise lose her campaign for "No illiteracy in 1920."

To get the full effect of this increase one must recall that in 1917 our property was listed for taxation at seven and three-quarter millions of dollars. Our then Assessor, Mr. J. T. Barnes, under pressure from Frankfort and in accordance with the statement of Mr. Leslie L. Greene, (a member of the Commission), that a twenty per cent. raise was all that was required, added over two millions to our assessment. Not satisfied the tax commissioners added another million. In 1918, Mr. Howell, our present Tax Commissioner, added over two millions and even that did not satisfy this high and mighty commission by \$2,300,000.00, so now our property is listed at over fifteen millions of dollars.

We are informed the matter has been taken up with one of the best lawyers in Kentucky, with a view of ascertaining whether it is possible to secure justice and fair play by court proceedings. If we have an even chance, or any chance, we say fight 'em to a finish.

While their action proves it, one thing we can say in favor of the State Tax Commissioners, they admit they know nothing about the values of property in Montgomery county.

SENDS OUT S. O. S. CRY.

The Kentucky Tax Reform Association, fostered, we are informed, by some twenty-odd millionaires, is flooding the state with a circular entitled "New Tax Laws Menace." Among other things, it contains the startling information that one candidate for the Legislature has announced that "he is opposed to the new tax system." In the course of a lame defense of our Jesse James Tax Law, it says: "The new laws are not popular with those who have for years evaded their obligations in the so-called 'Paper Counties' which have permitted other persons and counties and the cities and towns to carry their burdens." And again: "It is claimed that the new laws afford a lower rate on some property than on other property. That is true, but as it is property and not people that is taxed, the same rates apply to all who may own the same classes of property." In other words, the farmers and land owners, if they want to join the favored few should reduce their property to money and his bank will pay the taxes for him, so low is the rate on money. As it is, a dollar invested in real estate in Mt. Sterling pays twenty times as much as a dollar in the bank and yet the money sharks of the cities say this is just and fair taxation.

We do not know who the candidate is that is mentioned, but we know that every district in the state should have such a candidate and while we cannot speak for other districts, we believe we can at least predict with reasonable safety that the member of The House from this district will be found voting for its repeal. The people, by a campaign of propaganda, financed by the interests, were induced to believe the present law was to relieve the farmer, when as a matter of fact the reverse was really intended. Every landowner in the state knows that; if he don't let him look at his next tax receipt.

To the Public

It gives me pleasure to announce to the public that I have decided to return to Mt. Sterling to reside and that I will again have charge of the Mt. Sterling Greenhouses at the corner of Clay street and Crockett Avenue. Anything needed in the way of flowering plants, shrubs, vines, etc., can be found at our greenhouses and will be priced most reasonably. The Spring will soon be here and now is the time to make arrangements for your plants. Come to see us and let us figure with you on your requirements. The buying public was very kind to me when I resided here before and I trust that a share of their patronage will again be given me.

Respectfully,
WILLIAM HORNBY.

Help Banish Famine Forever

FROM THE
Death Valley of the
Near East

The day of fire and Sword is Done
The day of kindness and of healing is here

MILLIONS of helpless human beings have died of massacre and starvation in this Death Valley of the Old World. But four million survivors are left, helpless, homeless, almost hopeless imploring aid from America, whose riches even the Great War could not drain.

More than 400,000 sufferers are Orphaned children. Their parents died either by slaughter, plague or hunger in these lands where even the living are too dead to bury the dead.

When Turkey surrendered, the barriers against relief and reconstruction work went down. Now redoubled and UNHAMPERED efforts can be made---MUST be made---to nurse these fainting, starving multitudes of the Near East back to life and self-support.

17 cents a day, \$5.00 a month, \$60.00 a year, will keep alive one of these unfortunates. The only pity that can help them is the pity of your dollars.

\$30,000,000 must be raised this week to carry them through their present need and put them on their feet. Give as much as you can.

In the name of your own dead, in the name of your living, give. Give out of Gratitude that you and yours have not had to bear this awful fate of the Near East--and Never will have to.

BUY MORE W. S. S.

Cardinal Gibbons has issued a call to his fellow countrymen to give the heartiest support to the Government's campaign to promote the sale of War Savings Stamps. The appeal of Cardinal Gibbons reads as follows:

"By continuing the sale of War Savings Stamps throughout 1919 the Government has offered to every man, woman and child an opportunity for display of practical patriotism by becoming an investor in the securities of his country.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Thedford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Thedford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Thedford's the original and genuine. B. 73

try. It also offers to each an opportunity for self-improvement by giving a chance to save small amounts regularly and systematically and to invest them wisely.

"In the hard school of war we have learned much that should be of value to us and to our country in the days of readjustment. We have learned the necessity of saving. Indeed it was saving that brought us to victory—the willingness of the people to save money, to save coal, to save food. The man, woman or child who has learned to spend wisely and look forward to the future, and to lay by something which will help him in unforeseen emergency is not only helping himself but is becoming a better and more useful citizen.

"We should welcome the opportunity afforded by our government to continue the saving habit. To buy War Savings Stamps is the clear duty of every American citizen, young and old.

"I urge all our clergy to promote this campaign by every means in their power. I urge our good people to give it their heartiest support and from the splendid evidences of their patriotism shown in the last two years, I am confident that it will meet with a great success.

"I shall follow with profound interest the result of this movement, for much of the future of our blessed country will depend upon the outcome.

A. I. M. Discovered In Mississippi

It is a Natural Mineral Iron Tonic. The Most Powerful Tonic Known. Builds Up the System Against Cold.

When you are pale, sickly, tired out, run down and go to your physician and he tells you that you need iron and he writes a prescription containing iron but the trouble with the iron you get at the drug store is that it is a chemically produced iron that will injure the teeth and irritate the stomach. Acid Iron Mineral is a natural iron tonic that comes to you direct from our wonderful mines down in Mississippi, the iron without chemical treatment, simply triple filtered at the plant. It will not injure the teeth and the results it produces when used according to directions will give you the healthy glow and strength that is your birthright.

Today you will find many physicians prescribing and recommending Acid Iron Mineral for diseases of the kidneys, stomach troubles, run down conditions, rheumatic pains and many other ills that are the result of the strenuous pace that we must live in the present day. On file in our offices we have thousands of letters telling of the good that A. I. M. has done the writers. Once you try Acid Iron Mineral you, too, will be glad to tell what this famous remedy has accomplished for you.

You take no chancery when you take Acid Iron Mineral because it is guaranteed to satisfy and is free from alcohol or injurious drugs. A. I. M. is liquid, therefore full strength; take one-half teaspoonful three times per day. Ferrodine Chemical Corp., Roanoke, Va. Don't delay, get A. I. M. today. For sale by Wm. S. Lloyd, R. H. White & Co., and druggists everywhere.

One of our citizens who occasionally wipes the dishes for his wife, became tired of the job and refused, saying that "it is not a man's work." Not feeling disposed to lose his help she brought the Bible out to convince him of his error and read as follows from II Kings, 21:13: "And I will wipe Jerusalem as a man with a side down." It is needless to say a dish, wiping it and turning it up that he is still doing his occasional stunt.

HE HAS NO FAMILY

(By David Hinshaw)

A little boy, one of the 400,000 homeless, orphaned starving waifs which the Committee for Relief in the Near East is caring for, after being washed, fed and put to bed, cried for bread. When the worker gave him bread he went to sleep, with it tightly clutched in his little hand. When asked later on why he was not eating the bread he said with piteous intensity "I don't want it to eat, I just want to—to, hold it in my hand."

A form of punishment frequently practiced in American homes is sending a child to bed without his supper. The entire household is disturbed throughout the evening over the thought of the hunger of the little one so punished. Some warm hearted member of the family, most frequently the mother, is quite likely to carry food to the little culprit.

Our hearts are moved and rightly moved at such a time. Our punished child has family, home, friends and food, except for one evening. The little fellow in the Near East who wanted only to "To—to hold it in my hand" had neither family nor home. He had for friends only those persons in distant America who had contributed to keep him

alive. He was hungry, not for one evening, but weak and pitiful from long starvation. No misdeed of his caused this gnawing hunger. A cruel war and a barbaric practice were responsible for his condition. Seventeen cents a day, five dollars a month will care for him and each of the hundreds of thousands of needy children of his race. Shall America leave him without home, bed, food or friends? He has no family.

Farmers will finish marketing the 1918 crop of tobacco this week.

There is still a large amount of sickness in this neighborhood.

Mrs. Belle Warner of Middletown, Ohio, is visiting the family of her son, Thos. Warner.

Jason Richardson, who has been seriously ill for several weeks, is slowly improving.

Some of the "wise ones" are saying that ex-President Taft is going to "come back." Well, according to our opinion "Big Bill" hasn't been anywhere yet, it's the other fellows who have been "away."

Little Sarah Naney, daughter of Mr. and Mrs. M. W. Bridges, is seriously ill.

In a speech delivered in the state of Ohio the other night, Senator P. C. Knox, of Pennsylvania, warmly praised several ex-Presidents who are dead. He had no word of praise

for ex-President Taft. According to Senator "Knox's" theory, all Presidents have to be dead before they are great.

Mrs. Charles Vinson, who has been ill for several days, is some better.

Thos. Satterfield is moving this week to Clark county, near Pine Grove Station.

Rev. T. B. Hill has begun the erection of a tenant house on his farm near Springfield church.

Lieutrell Warner bought from W. H. Bridges 27 head of sheep at \$13.25 per head.

Private Leslie Sorrell lately returned from France, was a visitor here last week.

J. E. Robertson, of Lexington, will move here in a few days. Mr. Robertson, who has been running a barber shop for several years, will again try his luck at farming.

Private Omer Wells, who has been with the army in France, returned home last week.

In regard to the several announced candidates, and the many proposed candidates for Governor of Kentucky, it's the writer's opinion that should he enter the race, Major Samuel M. Wilson, of Fayette county, would capture several strongholds before the fight ended.

OF MODERN HOME

As agent for Mr. Lewis G. Howard, I will offer for sale on the premises on the corner of Locust and Sycamore streets, in Mt. Sterling, Ky., at the hour of 2 o'clock p. m., on

Saturday, March 15

his modern two-story frame residence. The lot is 50 by about 180 feet and contains the modern home. Has bath room, electric lights throughout, and heated by gas, and places for gas lights if wanted. The inside finish for the larger part is of hard wood, the staircase is of oak and one of the prettiest to be found in the city. Six of the rooms have beautiful cabinet mantles. All chimneys are large and were built especially for the use of coal and can be instantly changed from gas to coal with practicality no expense. The house is built upon a foundation of limestone rock, the foundation being about 20 inches wide. Under the house is a cellar with three apartments and nothing ever freezes in it. One apartment is used for a laundry room and has gas for heating and is lighted by electricity. In rear of the place is a first class cistern. No roof or surface water stays on the premises as the home is surrounded with sewer connections which carries off all rain fall. The lot in rear is of the very best soil and no better garden dirt can be found. This home must be seen inside to be appreciated. So if you are looking for a home or a place as an investment this is your chance.

If the purchaser desires to rent the property, and Mr. Howard being unable to vacate owing to the scarcity of houses, he will pay \$40.00 per month rent for the property until he can find a suitable location.

It will cost you nothing to come and look this property over and may be the cause of you making a good investment.

TERMS WILL BE MADE KNOWN ON DAY OF SALE

Remember the day and date, Saturday, March 15th, 2 o'clock, p. m.

Mr. L. G. Howard or the undersigned will be pleased to show the property to any prospective purchasers.

Do you know that an editor or a reporter for a newspaper can in his rounds stop and ask a hundred persons "What is the news?" And ninety out of the hundred will reply, "Nothing special." And yet fifty out of that number know something that if not found in the next paper will astonish them greatly and dis-

appoint them more, and perhaps make them madder than hornets. Don't be afraid to let the newspaper man know it.

I hate to be a kicker—It does not stand for peace—but the wheel that does the squeaking.

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coulter and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our saleroom.

WANT HUNS TO PAY

FULL COST OF THE WAR

The difficult work of arriving at a conclusion in the matter of war reparation has proceeded for enough to develop the fact that there are three theories concerning what the principle should be.

The American theory is that the reparation to be demanded from Germany should cover only such damages as done by her in wanton destruction in violation of the laws of war and nations.

The British view is that, as in civil law, all damages must be paid by the aggressor, so Germany should be compelled to pay the whole cost of the war, including the expense to the Allies, of raising, equipping, transporting and maintaining their armies, as well as reparation for wanton damage.

The French view is that the reparation should include all England would demand, but the French, unlike the English would fix a sequence of payment, requiring Germany first to settle for the bills for destruction in violation of international law and to pay other bills later, if she could.

According to economic and financial facts which are expected to prevail in future Germany, there is really no practical difference between the French and American views, because nobody in France really expects that Germany ever will be able to pay more than that amount which America would fix as the limit, which is the same amount France would insist upon for the first payment.

Under the American proposal, England would be the creditor of Germany on the reparation account only to the extent of her merchant shipping losses, and the damages caused by aeroplane and Zeppelin raids on English territory. The United States and the British colonies' bills would be confined to such merchant ship losses as were inflicted on them by submarines. So, the chief creditors are Belgium, Serbia and Rumania, to which countries the bulk of wanton damage was confined.

Agitation throughout the country of various plans to ignore, evade, or defeat national prohibition was denounced in the Senate by Senator Jones of Washington, Republican, in an address urging observance of law and order as a means of suppressing radical unrest. Prominent newspapers, public officials and public men, Senator Jones asserted, were advocating defiance of the prohibition law. Referring to alleged attempts of newspapers and public men to nullify prohibition laws, the Washington Senator said:

"By their words and their acts they are defiers of law, breeders of revolution, teachers of Bolshevism, un-Americanism and unpatriotism. They do not urge the law's enforcement. They incite and encourage resistance to it. We are told that this law and this amendment are to be annulled in one way or another; that the people's verdict is to be nullified and set aside; that great lawyers are going to prostitute their talents to defeat the people's will; that legislatures are going to disregard the sentiment of the people; that labor proposed to strike; that revolution is at hand."

When the sun shines and the streets become dusty, you wish it would rain; when it rains and the streets become muddy, you wish the sun would shine. After you are married you wish you were single, and if you get a new dress you wish you had a new hat to match it; if it is a boy you wish it was a girl—was human nature ever satisfied? Guess not, and glad of it, for then there would be nothing to "kick" about.

WOMAN'S CLUB MAKES GIFTS

At a recent meeting of the Mt. Sterling Woman's Club it was agreed that an appropriation of twenty-five dollars be made to each of the following organizations: The City Hospital, the Health and Welfare League, and the Public Library. The Club had on hand about one hundred dollars originally given for war work, but since there was no pressing need in this direction, it was deemed best to use it in our own community. This Club is the oldest woman's organization in town, having been in existence since 1895. It has also the honor of being god-mother to the first French orphan to be adopted in Mt. Sterling.

Under the American proposal, England would be the creditor of Germany on the reparation account only to the extent of her merchant shipping losses, and the damages caused by aeroplane and Zeppelin raids on English territory. The United States and the British colonies' bills would be confined to such merchant ship losses as were inflicted on them by submarines. So, the chief creditors are Belgium, Serbia and Rumania, to which countries the bulk of wanton damage was confined.

KELLY LAUGHLIN DISCHARGED

Friends here will be interested to learn that Kelly Laughlin, formerly of this city, and a brother of Mrs. Howard Canau, has been discharged from the army and is now in Lexington with relatives. Kelly joined the old First Kentucky before war was declared but failed to get overseas.

The prosperity of a town is not guarded by the wealth of its inhabitants, but by the uniformity with which they pull together when any important undertaking is to be accomplished. A man with a thousand dollars at his command and a love for town in his heart, can do more for the building up and improving of it than the millionaire who locks up his capital and snaps his fingers at home progress.

MISS HELEN DE BOW WEDS.

Friends here will learn with interest of the wedding of Miss Helen DeBow, of Louisville, to Mr. Joe Fowlkes Tenney, of Memphis, Tenn., which was solemnized last Saturday morning in Louisville. The bride will be recalled here as the charming guest of Miss Allee Young on several occasions.

Any newspaper is the companion and friend of the family, but the local paper is one identified with the interest of the home. It is conducted by those whom you know. Its columns are filled with what is special value to you. In its prosperity you have a vital interest, and to its prosperity you can best contribute by giving your support and patronage. It is your neighbor.

Tired, Overworked Mothers What You Need is Vinol

War conditions have made the demand upon a mother's time and energy unlimited. In their zeal to do all in their power for their loved ones, they continually overwork and are soon in a nervous, run-down condition. Vinol, the non-secret cod liver and iron tonic, will build you up and make you strong.

HERE IS PROOF

Whitman, Mass.

"I suffered from a nervous, run-down condition and loss of strength so it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to anyone suffering from a nervous, run-down condition."—Mrs. R. M. Little.

Cleveland, Ohio.

"I keep house for my husband and myself and got into a weak, run-down condition, no strength, languid and no ambition. After doctoring for awhile and getting no better I tried Vinol and to my surprise it built me up and strengthened my whole system. It is certainly a good tonic."—Mrs. Wm. D. Dawson.

JUDGE HOLT DIES.

Judge William H. Holt, formerly of this city, died at the home of his daughter at Pewee Valley, on last Thursday, aged 75 years. Judge Holt was a native of Bath county but came to this city in his early manhood and made an enviable record in the profession of law. He was elected to the Appellate Bench from this district and served for eight years and was appointed by President McKinley as U. S. Judge in Porto Rico. Judge Holt was an able lawyer, a fair and impartial judge and a son of which Montgomery county was indeed proud. He is survived by five children, Mrs. A. J. Carroll, Mrs. Alexander, Hon. Matt J. Holt, of Louisville, Miss. Elizabeth Holt, of Pewee Valley, and Harry Holt of the U. S. Army. Judge Holt was quite popular in this city and has many friends who are grieved to learn of his death.

TAFT A PATRIOT

William Howard Taft is a former
President of the United States. He
is a former governor of the Philip-
pines. He is a former distinguished
ornament of the federal judiciary.
He is former cabinet officer. He
is a most distinguished American citizen
in private life. He is one of the
really great leaders of the Repub-
lican party. This former President
of the United States was given a
banquet by the civic organizations
of California in the city of San
Francisco as a part of the program
of the Pacific congress of the
league to enforce peace. He made
a short speech which is an impor-
tant contribution to the literature of

the world. This is what he said:

"The gentlemen in the Senate who
are setting out to defeat this League
of Nations are those I would not
trust over night. They are citing
the constitution as an argument
against it. I revere and worship
that great instrument and it is a new
story to me if the constitution pre-
vents this people from playing their
part in bringing peace and order
and happiness to ourselves and to
other peoples of the world. This is
not a political question. God for-
bid. I am glad President Wilson
went to Europe because he went
bearing a promise of a League of
Nations. The application at this
time of the doctrine of avoiding en-
tangling alliances is reactionary to
the extent of delaying world peace
one hundred years. The question at
this time is whether the whole great
plan of the League of Nations is to
be defeated because we can't get
two-thirds majority of our Senate
for its ratification."

William Howard Taft was a pro-
gressive President of this republic.
He was never a rank partisan. He
was at peace with the South. His
appointees were men of high char-
acter, and he did the most contri-
bution to the League of Nations of
any American Presi-

dent in the history of this republic
when he named for chief justice of
the supreme court of the United
States an incomparable jurist who
had been a Confederate soldier for
four years, who had worn a gray
uniform with commendable gallan-
try and who was communicant of
the Catholic church. He is bigger
than his party. He is more patriotic
than the politicians of his party ever
dared to be. These words do credit
to the man. "This is not a political
question, God forbid. I am glad
President Wilson went to Europe
because he went bearing a promise
of a League of Nations."

SMOKING TOBACCO FACTS FROM THE ENCYCLOPAEDIA

The Use of Flavorings Determines Difference in Brands

The Encyclopaedia Britannica says about the manufacture of smoking tobacco: "...on the Continent and in America, certain 'varieties' are employed ... the use of the 'varieties' is to improve the flavor and burning qualities of the leaves." Which indicates that a smoker's enjoyment depends as much upon the flavoring used as upon the tobacco. Your nose is a sure guide in the matter of flavorings. Try this simple test with several tobacco brands: pour some tobacco into your palm, rub briefly, and smell. You will notice a distinct difference in the fragrance of every brand. The tobacco that smells best to you will smoke best in your pipe, you can rest assured.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

CLIPPINGS FROM THE SNAGTOWN TORCHLIGHT

A pleasant call! We had a very pleasant call Saturday afternoon from Mr. Ashton Stevens, editor of the Musket Ridge Index. Mr. Stevens is over at Snagtown on a trip for his health, which overwork had greatly impaired. We took him out to our private graveyard, made the tour of some of the best poker rooms and endeavored to make his few hours' stay as pleasant as possible.

We think he went home with some new ideas on journalism, although he has been in the harness 15 years. For instance he had no idea a shoe store, meat market and feed store could be run in connection with a great family weekly, all under one and one central head. Musket Ridge is a larger town than Snagtown, and yet Mr. Stevens has never been shot at. While we can't say much for him as an editor, we have the highest respect for him as a man and a citizen of our great State. He wants to sell out and go back to Chicago and edit a Sunday paper, and the right kind of an editor could hit Musket Ridge right and make things hum.

"Pegleg" Kelly is fixing to celebrate his wooden wedding next week with a quart of wood alcohol.

Bullets have been falling in Snagtown for the past few days. They are thought to be those Whitney Curl fired at the moon a few nights ago.

When Brad Smith, the High Sheriff, came into these parts soliciting votes he claimed that if he were elected we would get our rib roasts cheaper. Up to going to press they ain't fell a copper, and we have about come to the conclusion that he hasn't any more influence with a steer than we have.

Since old John Ruddy passed the 70 year-old mile post he looks like an old coin.

George Ryan fell off of a log while watching a panel of fence float down Gander Creek the other morning. He says it don't pay to get too interested in one thing.

Postmaster 'lows the country will be in better condition when it gets back to normal and the restaurants change the eatup oftener.

Walter Little has received through the mails a bottle of dandruff cure, and he is taking two teaspoonsfuls after each meal.

Judge Peter Bentz has gone up to Orangeville to get an almanac, as he is on the program for a lot of original jokes at the Broom Straw Saturday night.

Pete Rushing borrowed Billy Ferrin's auto for the coming Sunday.

The Postmaster left Friday with his daughter, Miss Clara Batavia, for Pumpkin Center. He says that up to going away seven of Snagtown's leading young men were entered into the race for her affections and being afraid some nifty bonehead would do some heavy ice cutting and cop his only child he de-

cided to take her away, and allow the market quotations on freshly picked orange blossoms go down a few notches. He does not expect to return until the robins nest again.

Leonard Boulton who has a farm over near Bounding Billows will stay in the army as his wife don't like him in civilian clothes.

J. F. Cross has brought back with him from the Bear Foot neighborhood a feather bed made of owl feathers. While coming home with it on his back the other night it was so soft and downy he fell asleep while walking along the road.

Old Judge Hinton, the hickory philosopher of Peavine Ridge, says he has come to the conclusion that party hair is almost as fatal to a young man as a good tenor voice.

If each of us would abstain from throwing tin cans and waste papers in the alleys and empty lots, the appearance of the neighborhood would be greatly improved.

Commissioner's Sale

R. G. Owings, etc. Plaintiffs.
ON PETITION

Notice of Sale in Equity. By virtue of a judgment and order of sale of the Montgomery Circuit Court, rendered at the January Term 1919, thereof, in the above cause, the undersigned will, on the 17th day of March 1919, at 1 o'clock P. M., or thereabout, (being Court Day), proceed to offer for sale at Public Auction, to the highest bidder, on a credit of six months, at the Court House door, in Mt. Sterling, Ky., the property mentioned in the judgment, to-wit:

A certain tract of land lying in Montgomery county, Kentucky, on the waters of Stepstone Creek and on the Quisenberry Pike, and bounded by beginning at a post in the fence in the line of R. G. Owings and a corner to Hughes Atkinson, thence with Atkinson's line N. 5 1/2 E. 9 poles to a point in the middle of said Turnpike, corner with R. C. Gatewood, thence along the middle of the turnpike S. 7 1/2 E. 20 poles and S. 80 E. 24 1/2 poles to a stone in the turnpike corner to said Owings, thence S. 7 1/2 E. 10 5/8 poles to a point in said turnpike corner with said Gatewood, thence S. 3 W. 17 1-5 poles to a set stone corner to said Owings, thence N. 25 1/2 W. 22 poles to a stone in the Turnpike (the same corner named above at the end of the third call) corner to said Owings, thence N. 86 1/2 W. 49 3/4 poles to the beginning containing 1 A., 2 R., and 32 P., of land. There is reserved within said boundary a grave yard 10 feet long and 20 feet wide with the right of ingress and egress to and from same.

The purchaser will be required to give bond, with approved security, for the payment of the purchase money, to have the force and effect of a Replevin Bond, bearing legal interest from the day of sale, according to law.

Bidders will be prepared to comply with these terms. A lien will be retained on the land sold till all the purchase money is paid.

Bond payable to W. E. Jones, Master Commissioner.
